

Change Your Default PACER Login in Current Gen CM/ECF

After upgrading from a legacy PACER account to an upgraded PACER account, you may want to link your new PACER credentials to your Current Gen CM/ECF account. This will allow you to view queries, reports, and documents without re-entering your PACER login and password each time.

On or after **July 1, 2019**, you must link your upgraded PACER account to your NextGen CM/ECF account. Instructions for linking to NextGen CM/ECF will be provided closer to the time for implementation.

STEP	ACTION
1	Log into CM/ECF with your current CM/ECF login and password.
2	Click on the Utilities tab.
3	<p>Click the Change Your PACER Account link.</p>  <p>The screenshot shows the 'Utilities' section with a yellow background. Under the 'Your Account' heading, there are several links: 'Change Your Password', 'Change Your Client Code', 'Change Your PACER Account' (highlighted with a red arrow), 'Internet Payment History', 'Internet Payments Due', 'Maintain Your ECF Account', 'Review Billing History', 'View PACER Account Information', and 'View Your Transaction Log'. Other sections include 'Miscellaneous' with 'Mailings...' and 'Verify a Document', and 'New R3.1 Menu Items' with 'Court Information'.</p>
4	Click the checkbox next to Make this my default PACER login .
5	<p>Enter your upgraded PACER account login and password and click Login.</p>  <p>The screenshot shows the 'PACER Login' page with a blue header. Below the header, there are instructions and a checkbox labeled 'Make this my default PACER login' which is checked and highlighted with a red box. Below the instructions is an 'Authentication' section with fields for 'Login:' (containing 'upgraded PACER login'), 'Password:' (with masked characters), and 'Client code:'. A 'Login' button is highlighted with a red box and a red arrow, and a 'Clear' button is also visible. At the bottom, there is a 'Notice' section with text about access fees and browser compatibility.</p>
